Currie Reservoir Disc Golf News

Issue #1

Calgary Disc Golf Club

Get Ready to Play!

With twenty-one brand new, exciting holes of disc golf and a challenge for players of every skill level, the Currie Reservoir Disc Golf Course has something for everyone.

Situated on the old Richmond Green Golf Course, Calgary's newest disc golf course will be open for your enjoyment on October 30, 2021, at 1:30 pm! There will be a small ceremony at 1:00 pm before the course opens.

It has been a long process from design through to completion, and it could not have been done without the countless hours of volunteer time and our partnership with the City of Calgary.

The Currie Reservoir Disc Golf Course has features never before seen at any other course within Calgary. You will have to put your disc golf metal to the test with a multitude of shot shapes, challenging distances, island greens and exciting obstacles that will make or break your score.

Currie Reservoir Core Team

Thank You, Volunteers and City of Calgary Stakeholders!

After months of hard work and collaboration, all of our efforts are finally paying off!

Because of the time and effort put in by CDGC volunteers and our partners at the City of Calgary, we are able to open another disc golf course in Calgary.

We are so lucky to have such a broad volunteer base and wonderful partners in the City of Calgary; it is something that genuinely sets Calgary and our disc golf community apart!

The CDGC would like to extend a special thank you to the City of Calgary Golf, City of Calgary Water, Urban Forestry and Corporate Security departments for all of their help in completing this project.

We relied heavily on their expertise and guidance to be able to deliver the best possible golf experience and protect important city of Calgary assets.

We would not have accomplished this monumental feat without their assistance; please make sure that you call 3-1-1 to let the city know that you're happy to have a new course in Calgary!

Multiple Tee Pads and Optional Adjusted Par.

The course was designed to challenge players of all skill levels. The Yellow Tees are longer but watch your shot placement, or you'll be picking up extra strokes! Green Tees offer shorter distances, but that doesn't mean they'll be easier; an optional adjusted par is available for players who are still building confidence in their game.

Can You Make the Island on Hole 8? Play to Find Out.

One of the many course features meant to test your disc golf ability is the island on Hole 8. Just far enough from the tee pad to make it challenging, the island green gives you a large landing zone but come up short, and it will be a difficult putt for par!

Challenge the Rockies on Hole 21 and See How Your Putt Fairs.

Everyone loves to get a little score separation on the last hole; whether it's a tournament round or casual, knowing that the win is yours is always a great feeling. Challenge your card mates and make a putt over the Rockies to seal your victory!
